Supporting Community Empowerment

AFRICAN INNOVATION  FOUNDATION

SIPA FOCUSES ON INNOVATION FOR SOCIAL IMPACT PROGRAM. ADDRESSES PRESSING SOCIAL CHALLENGES BY SOURCING SOCIALLY RESPONSIBLE SOLUTIONS THROUGH COLLABORATION, PRODUCTS OR SERVICES

SIPA engages models that serve communities in need and employs the poor, offering solutions for basic access to medical diagnostics, low cost services in health, water and sanitation, education and rural development; emphasis is on demand-driven services and market approaches.

Empowerment of the local population is through:

- Forging strategic partnerships
- Skills building & job creation for socio-economically disadvantaged people
- Providing high quality, sustainable services/support to domestic and international public and private sector clients
- Identifying and supporting employable skills
- Collating useful information on social development and innovative, problem-solving approaches on targeted sectors of activities for sharing across the continent
